CSEA NO-COST ASSOCIATE DEGREE PROGRAM

Earn your Associate Degree online, or take courses for career advancement

CSEA, Union Plus and Eastern Gateway Community College are offering the chance to earn an associate degree online from an accredited school with no out-of-pocket expense. Students can also take courses for personal enrichment or career advancement at no cost without completing a degree.

Zero out-of-pocket costs – really!

After you complete your Free Application for Student Aid (FAFSA), Eastern Gateway College's "last dollar scholarship" covers the difference between any federal grants and your tuition, books, fees and e-books – even if you aren't eligible for any federal grants.

What can you study?

Currently over 30 degree programs are offered:
www.egcc.edu/academics/programs/online-program-listing

CSEA NO-COST BACHELOR'S DEGREE COMPLETION PROGRAM

Complete your Bachelor's Degree online

CSEA offers the chance to complete a bachelor's degree online from accredited university partners at no-cost.

Earn your Teaching Credential

There is an option to earn your teaching credential at no-cost as part of the Bachelor of Science in Education degree program.

What are the requirements?

Applicants must have an Associate degree or at least 60 transferable credits, and a minimum cumulative 2.2 GPA

How does the financial side work?

The benefit is a "last-dollar scholarship", or grant, that fills the gap between any federal, state or employer education grants you receive and the cost of tuition, fees and e-books. Every applicant is required to complete the FAFSA in order to determine the amount of the "last-dollar scholarship". Even if the applicant does not qualify for federal or other grants, they will still be eligible for this scholarship benefit.

What can you study?

Bachelor's degrees are currently offered in Education, Management/Leadership, Criminal Justice, and Liberal Arts/Social Science.

These programs are available to:

- CSEA members
- Retired members
- Any family member, including spouses, domestic partners, children, grandchildren and more!
