

WEBCAST OF THE MONTH Cemetery Management

Township cemeteries provide a positive personal service to residents during a difficult time. Gain a better understanding of the rules and regulations, along with other important aspects of cemetery management and administration during this webcast series now available on demand.

This **pre-recorded webcast** contains nearly four hours of content. It's like a half-day class that can be paused, rewound or even stopped entirely, allowing you to pick up where you left off when you return. Watch at your convenience, from your home, office or township hall.

Presented by MTA Member Information Services Liaison Cindy Dodge, a popular, frequently requested speaker at the Michigan Association of Municipal Cemeteries conference, this informative series will also dig into elements of green or natural burials and other options that many conventional cemeteries are incorporating. Listen in as Cindy:

- Reviews the legal obligations for cemeteries, including content and procedures for adopting a cemetery ordinance.
- Explores fees and other **budgeting and financial aspects**, including tips on dealing with special cemetery management issues.
- Examines the role of advisory committees, cemetery sextons and other caretakers, as well as the duties and responsibilities of the clerk and township board.

Bonus! Those who purchase (and watch!) during the month of June can participate in live Q&A webinar on Cemetery Management with the presenter to get questions answered in real time! This live event, held at noon on June 30, will also be recorded and available on demand to those viewing later.
