

Practical Strategies to Address Social Risk Factors

June 21 and July 12

Screening for social determinants of health (SDoH) is a critical first step in helping patients overcome challenges to optimal care. This webinar series will explore effective SDoH screening tools and processes, as well as resources to support hospital efforts.

You'll learn about screening requirements from the Centers for Medicare & Medicaid Services to ensure compliance. You'll also hear about successful screening implementation strategies at hospitals and health systems across the U.S.

Live Virtual Series

Session 1—June 21, 1-2 pm

Introduction to SDoH Screening and the Impact on Quality of Care and Health Outcomes

Session 2—July 12, 1-2 pm

Practical Strategies for Implementing SDoH Screening and Addressing Social Risk Factors

Who Should Attend

This webinar series is designed for hospital and health system leaders and teams responsible for social determinants of health (SDoH) screening, including those in:

- ▶ Administration
- ▶ Case Management
- ▶ Community Health
- ▶ Health Information and Medical Records
- ▶ Clinical Care
- ▶ Medical Staff
- ▶ Quality Improvement
- ▶ Risk Management
- ▶ Compliance

There is no cost to attend. Offered in collaboration with Cynosure Health and four other state hospital associations, this webinar series is complimentary for IHA-member hospitals and health systems.
